

Information on Oral Presentation

- All lectures will be presented in Kyoto Terrsa, TERRSA Hall.
- Please set up your computer for presentation during the lecture before yours.
- The 15-pin VGA connector is mainly used for the projection. If you have a computer without a VGA connector, contact the ISHCXX secretariat.
- Please keep your allotted time for your lecture. Please keep in mind that your lecture time includes discussion time. If you overrun the time, your chairperson may interrupt your lecture.

Keynote lecture: 30 min (presentation) and 5 min for discussion.

Short lecture: 15 min (presentation) and 5 min for discussion.

- Due to time limitation, your chair will present a very short introduction for you. If you have any special introduction you prefer to be commented, please let us know in advance.
